

INNOVATION BUILT BETTER

BUILT-IN GRILLS & COMPONENTS

CREATE A 5-STAR MEAL IN YOUR OWN BACKYARD.

**EVERY.
DE^{TA}IL.
MATTERS.**

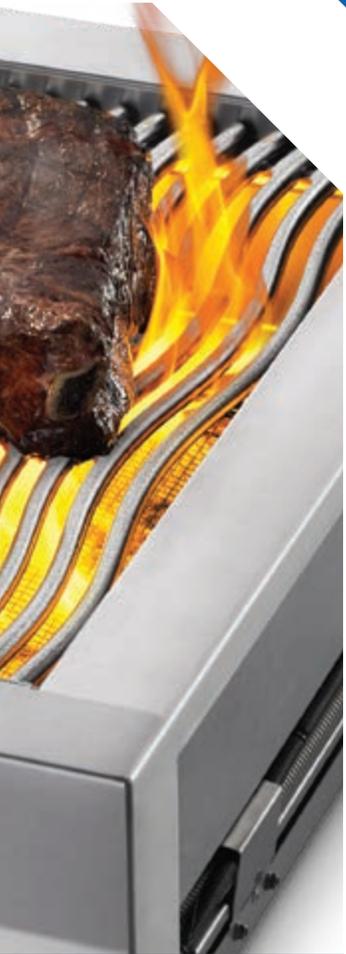

**NO DETAIL
TOO SMALL.**

SEE THE DIFFERENCE A NAPOLEON MAKES.

At Napoleon, we understand that every detail matters. We know that even the smallest details add up to make a big difference when curating your perfect grilling experience.

GET IN THE ZONE— THE SIZZLE ZONE®.

Nothing but the best—experience Napoleon's custom-engineered infrared **SIZZLE ZONE®**. Our innovative infrared technology is capable of heating to an astounding 1800°F in only 30 seconds, for a steakhouse-quality sear in a snap.

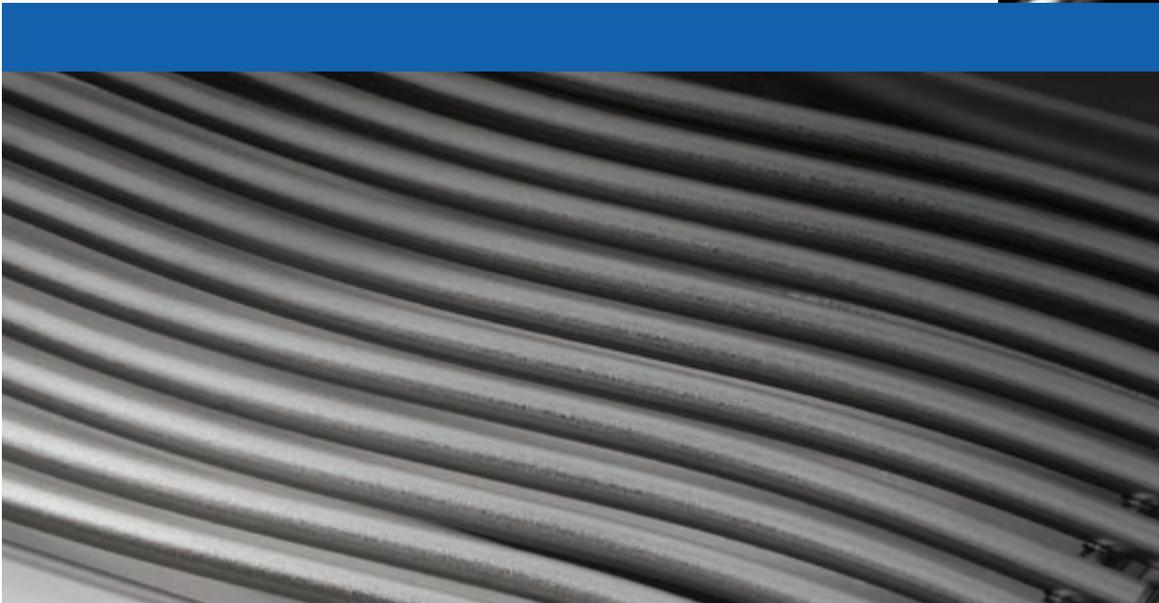

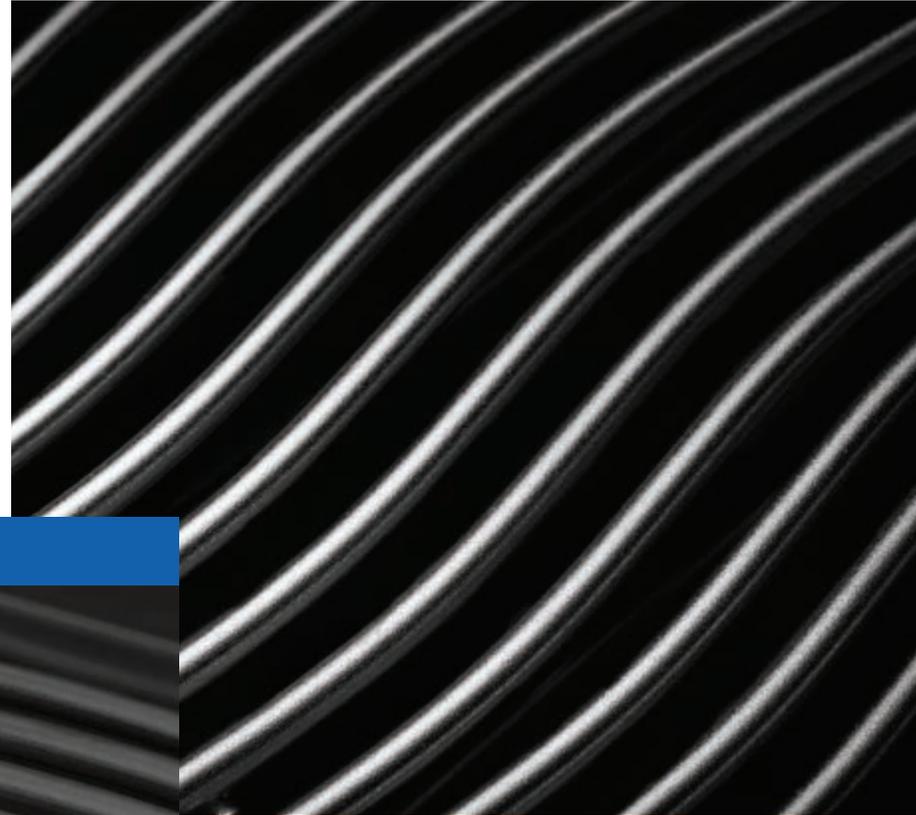

NAPOLEON EXCLUSIVE— SAFETYGLOW™ KNOBS.

Knobs that do so much more than just ignite the burners—they prioritize your safety. Our innovative knobs glow red when turned on, providing an instant visual cue.

**EVERY.
DETAIL.
MATTERS.**

PATENTED WAVE™ COOKING GRIDS.

Our cooking grids are curved, not straight. Their unique shape provides enhanced durability and heat retention, plus they prevent food from falling through the cracks.

OASIS® MODULAR ISLANDS

Personalize your outdoor living space

Choose the modules that fit your lifestyle and your budget. The cabinets can be assembled in virtually any combination to suit your individual needs. All cabinets are 35 ½" tall and 24" deep with 4 leveling feet for easy adjustment on any surface. The Oasis® Outdoor Modular Island series can be assembled against any non-combustible wall of your home or as a standalone island.

PLAN YOUR OASIS®

BIB18IR | BIB18RT | BIB18PB ..IM-UGC18-MK-1

FOR IM-UGC18-MK:

IM-UGC12TK-MK Trim Kit required when installing BIB12RT & BI12RT

The countertop* material must be non-combustible if a grill is to be installed into it. They can be ordered in advance by drawing out the floor plan of how the cabinets will be situated and adding up the width measurements, allowing 1-2" of countertop overhang. Most countertop manufacturers are willing to come and take measurements after assembly of the cabinets is complete to ensure a perfect fit. For best results the countertop thickness should be between ¾" to 1 ½" thick. The built-in grill comes with stainless steel brackets and hardware that allow the unit to rest on the countertop above the corresponding island cabinet for that unit. Granite is an excellent choice of countertop materials. Decorative countertops made of ceramic tile set on top of cement tiling board can be selected to match your surrounding backyard furniture color. *Countertops must be ordered and supplied locally by the homeowner.

COMPLETE YOUR OUTDOOR EXPERIENCE

Grilling isn't just for one season anymore. With the Timberwolf® Smokeless Fire Pit and Phantom Freestand Electric Heater, you can keep the heat - and the good times - going all year long. Designed to complement your built-in grill with matching finishes and modern design, these additions bring style, comfort, and more time outdoors.

PHANTOM FREESTAND ELECTRIC HEATER

Heat Where You Want It. When You Want It.

- Electric Infrared Heater for focused and efficient heat, allowing for extended use of outdoor space across multiple seasons
- Outdoor rated materials and powder coated for superior durability
- Up to 1500W output with odorless heat
- Standard household 120V (15 AMP), requiring no expensive installation
- Heats up to 144 sq. ft.
- 8-foot cord and wheels for seamless portability
- Built-in safety features include anti-tipping and over-heat automatic shut off
- Offers a clean alternative to propane heaters, eliminating the need for refueling
- Up to 5,000 BTUs
- Warranty: 2 Years
